If we provide you with personal financial product advice we will consider one or more of your objectives, financial situation and needs and provide you with a written Statement of Advice.

The Statement of Advice will include an explanation of our advice and recommendations, details of fees and charges and other important information.

Record of Advice

Where you have received a Statement of Advice and there has been no material change to your circumstances or your investment strategy, you may receive further advice via a Record of Advice.

The Record of Advice may be provided verbally or in writing and will explain the additional advice and recommendations.

Where we recommend the purchase of a financial product (other than an ASX listed security) you will be given a Product Disclosure Statement for each product containing information about that product including fees and charges, risks of investing in that product and terms and conditions relating to the investment.

If you enter an ongoing fee arrangement to receive financial services from Mutual Trust for more than 12 months we will provide you with an annual Fee Disclosure Statement. This statement will explain the services we provided to you and the fees paid for those

services, as well as an estimate of the fees to be paid by you for the services to be provided by us in the following 12 months. You will also be asked to agree to continue to use our ongoing services for the next twelve months. If you do not consent to this then the agreement will terminate 150 days after the anniversary date of your agreement.

How will you pay for the services?

Cost and expense recovery

The cost of advice and services provided to you will depend on the nature and complexity of your circumstances and the services provided.

Financial Advisory, Investment Management and Custody, Settlement and Administration Services

We offer a comprehensive wealth management service. In preparing our initial written advice to you, an upfront service fee may be charged. The service fee charged will depend upon the personalised advice that you require. This will be agreed at our initial meeting with you.

We may also charge a transition fee in appropriate cases which will be determined by reference to the nature of your investments and the time and work required to transition.

This fee will be communicated and agreed with you.

Should you proceed with our wealth management service, we will enter into an agreement with you for the services that you require and it will detail the ongoing service fee for those services.

Fees are based on a percentage of Funds Under Management (**FUM**); to a maximum of 1.5% per annum (exclusive of GST). Holdings in the Mutual Trust Cash Fund are not counted in FUM, but the estimated management costs are up to 0.98% pa including the net impact of GST.

We reserve the right to charge a minimum fee per annum which will be communicated and individually agreed with you.

Mutual Trust may at its discretion waive the minimum and transition fee requirements.

In addition to the above fees, we may charge you for access to (external third party) investment administration software, being \$250 + GST pa per portfolio (domestic assets) and \$325 + GST pa per portfolio (domestic and international assets). These fees may vary over time.

By individual agreement, FUM may be nominally reduced by excluding individual assets, e.g. rental properties.

Managed investment schemes

For all managed investment schemes you may invest in including the Mutual Trust Cash Fund, the fees will be detailed in the relevant disclosure document provided to you at the time the investment is made.

Direct investments

Generally, Mutual Trust does not charge a fee (other than the FUM fee) in addition to the brokerage fees charged by stockbrokers for transactions undertaken with them on a client's behalf. However, Mutual Trust reserves the right to do so subject to prior agreement with you.

Mutual Trust may also charge a fee with respect to unlisted investments. We will inform you of the relevant fees before an investment is made.

Brokerage Rates

We execute trades on behalf of our clients through a panel of brokers who charge brokerage of 0.20% on Australian equities, 0.05% on Exchange Traded Funds, 0.15% on fixed interest securities and 0.35% on international equities, subject to minimums, plus GST where applicable. We pass this brokerage through to clients with nil margin.

Alternative Brokerage Arrangements

Mutual Trust may from time to time enter into arrangements whereby a portion of brokerage paid can be directed to the provision of investment services to its clients using a soft dollar broking agreement. Mutual Trust has trade management policies which ensure these arrangements directly aid in the investment decision making process and do not involve the payment of cash to Mutual Trust or its associates. It is considered the accessing of research material; analysis tools and information will add further to the selection of investments to meet client's investment goals and objectives.

Mutual Trust seeks to adhere to the CFA Institute Soft Dollar Standards and the

Financial Service Council (FSC) Guidance Note No. 10 – Brokerage Arrangements, both of which give guidance on how to use client brokerage ethically, based on the principles that Soft dollars belong to the client and that Investment managers may only purchase research and other services with soft dollars if the primary use is in the investment decision making process, not firm management.
